

**SKU#: I 7322**

Bold style and outstanding comfort unite in this gaming-style office chair. A glossy white finish and black accents on the exterior of the chair makes a strong impression. Smooth, grey leather-look fabric covers the high backrest with integrated headrest, the tall sides that form fixed armrests, and the deep seat, all of which are padded to offer softness that surrounds you when you sit. The backrest and seat are also extra wide for a roomy feel. An adjustable height lever with tilt function, swivel seat, and 5-star chrome metal base with casters give you the power to control the comfort and movement. With its slick, modern look, this executive chair is ideal for a home office or game room.

## SKU#: I 7290

Comfy and curvy, this executive office chair upholstered in black leather-look fabric will get you through the workday in softness and style. The extra-wide and tall backrest has a curved, ergonomic shape that promotes good posture and a wide, integrated headrest that contours to support your head. The high back and headrest are padded like the swivel seat, which is thick, deep, and extra wide to offer a roomy feel. Upholstered insets on the rounded, fixed armrests and black accents on the armrests and 5-star base in a silver finish add a decorative touch. An adjustable height mechanism with tilt control lets you customize the chair to the ideal position so you can work in maximum comfort.
